

Student quick start guide

New to Turnitin? We're glad to have you with us!

On this page, you'll find everything you need to get started with Turnitin. We'll start by helping you create your account all the way through to submitting your first file and viewing any feedback your instructor has left you.

There are a couple of ways your instructor can add you to a class. They can either add you to a class directly using your email address or give you a class ID and enrollment key to let you self-join. Both methods will create the exact same type of account.

The student homepage

The student homepage is the first page you see after logging in to Turnitin. You'll see a list of all the classes that you are currently enrolled in. Select the name of your class to open your assignment inbox.

Assignment inbox

The **assignment inbox** is the home for any assignment you may be working on. You'll find the key dates for the assignment, and most importantly, when it needs to be submitted by. You'll also have access to any rubrics your instructor has attached to the assignment. From the assignment inbox, you'll can access any feedback from your instructor, including your Similarity Report.

Submitting a paper

1. From the assignment inbox, select the blue **Submit button** relevant to your assignment.
2. The paper submission page will open. Enter a title for your paper.
3. There are multiple ways to upload to Turnitin. Select **Choose from this computer** to pick a file that you have saved on your computer. If your file exists in Google docs or Dropbox, you can upload directly from there.
4. Turnitin will generate a similarity report for files in the following formats:
 5.
 - Microsoft Word
 - PowerPoint
 - WordPerfect
 - PostScript
 - PDF
 - HTML
 - RTF
 - OpenOffice (ODT)

- Hangul (HWP)
- Google Docs, Google Slides, Google Sheets (submitted via the Google Drive submission option),
- Plain text files

If the assignment is set to accept any file type, students may upload any file type to the assignment.

6. Once you've selected your file, select the **Upload button** to upload your paper.
7. A preview of the paper will be displayed with some details for you to look over. With this extra information, check that the right file has been uploaded. If everything looks good, select the **Confirm button** to send your paper to Turnitin.

Your submission is not complete until you've confirmed your submission.

8. If your submission is successful, you'll see your digital receipt. You can print this page or view it later from within Turnitin Feedback Studio. We'll also email you a copy to your email address.

Viewing your Similarity Report

From the Assignment Inbox, select the Similarity Report icon to the right of your assignment. Need a little help working out what it all means? Check out our [Interpreting the Similarity Report](#) guidance.

If the assignment inbox says that your Similarity Report is not available, your instructor has set up your assignment to not allow students to view it.

Viewing instructor feedback

If your instructor has provided feedback on your paper, you will be able to view it once the post date for the assignment has passed.

Note:

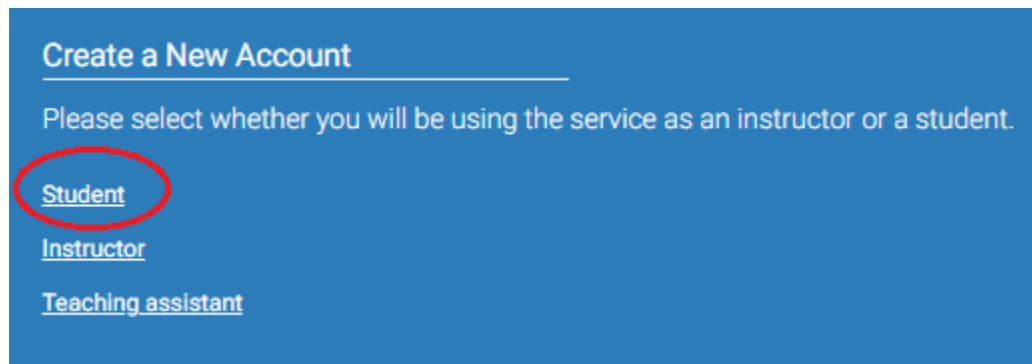

A **class ID** and **enrollment key** are required to enroll in a class on Turnitin & can be provided by the instructor of the class on the e-learning. If you do not have this information contact the class instructor.
